Datasheet Neutral special-purpose cleaner for ultrasonic baths

Cleaning concentrate with good dissolving power for limescale and other mineral deposits. Also removes oily and greasy residues. Well suited to more delicate parts. Free from acids and chlorine.

Properties and use

- For mixed types of soiling
- Free from acids and chlorine
- Pack sizes: 250mL and 1000mL; 10L on request
- Check material compatibility before use

Notes: For very delicate parts, first apply to an inconspicuous area, allow to act briefly, then wipe off. Check for any changes.

250mL and 1000mL bottles.

Product data

Property	Specification
Product codes	2805 (250mL) / 2806 (1000mL)
Product type	Neutral special-purpose cleaner
pH of concentrate	9.5
pH at 1%	7
Ingredient groups	Anionic and non-ionic surfactants, soap, water-soluble solvents, fragrances and other additives
Shelf life	2 years
Material compatibility	Test first on an inconspicuous area
Dosage	5–50mL per 1L of water (0.5–5%)
Safety information	Contains (R)-p-mentha-1,8-diene. May produce an allergic reaction.

Application: Add 50–500mL to 10L of water. Heating the ultrasonic bath improves cleaning performance. Percentages refer to the volume of water. Adjust the temperature to the material and soiling; follow the datasheet and label.

Safety: In case of eye contact with the cleaner, rinse thoroughly with water. If swallowed, seek medical attention immediately. Keep out of reach of children.
